For even the most experienced benefits administration professional, managing benefits, eligibility and coverage for your employees can be a time-consuming task. Adding COBRA administration, compliance, notices, forms, collections, timelines and follow-up to the mix can be overwhelming.

Let MESSA do this work for you:

We will provide your employees with notice of COBRA availability upon their becoming eligible

When a qualifying event occurs, we'll provide the employee with a COBRA election notice

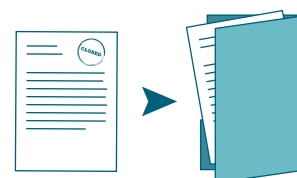

Process the employee and their dependent's COBRA enrollment

Collect premiums

Remit funds back to you

Process COBRA termination when the employee is no longer eligible, or upon their request
